

The background of the cover is a collection of several light-colored Easter eggs. Each egg is decorated with a simple, hand-drawn face. The faces vary in expression: some are smiling with red mouths, some have neutral or sad expressions with black mouths, and one has a surprised expression with wide eyes and a red mouth. The hair is drawn in various styles and colors, including black, blue, yellow, and red. The overall theme is related to children and emotions.
